

117th Congress: 200 Days of Progress On Behalf of the American People

Today marks the 200th day of the 117th Congress. In the first 200 days of this Congress, House Democrats have passed important legislation and taken decisive action on behalf of the American people. Here's a look at the major bills that have passed the House since the beginning of the 117th Congress, including the American Rescue Plan:

THE AMERICAN RESCUE PLAN

The American Rescue Plan, which passed the House on March 10, and was signed into law on March 11, is a transformative package to help end the COVID-19 pandemic and restore the economy. This legislation has provided direct assistance to families, invested in vaccine distribution, ensured schools have the resources to resume in-person learning safely, and gave vital support to small businesses.

- **Shots in Arms:** The American Rescue Plan provided \$20 billion for the development and distribution of vaccines, including \$7.5 billion in CDC funding to address racial disparities and ensure vaccines are reaching every community, including communities of color hit hardest by the pandemic. Today, [more than 160 million Americans have been vaccinated against COVID-19](#), and efforts continue to get more shots in arms every day.
- **Money in Pockets:** The American Rescue Plan provided more than 163 million Economic Impact Payments to help Americans pay their bills and help get the economy moving. Last week, [millions of families across the country saw the first monthly payment of the expanded Child Tax Credit](#), which will provide a total of up to \$3,600 per child under the age of six, and up to \$3,000 per child from ages 6 to 17; the expanded Child Tax Credit is projected to cut child poverty in America in half.
- **Children Back in School:** The [American Rescue Plan included \\$170 billion for education](#) and \$45 billion for child care providers to help schools safely reopen for in-person learning. \$122 billion has been allocated to school districts nationwide.
- **People in Jobs:** The American Rescue Plan invested in crucial tools to help small businesses reopen safely including the [Paycheck Protection Program](#), [the Restaurant Revitalization Fund](#), EIDL grants, and \$350 billion in critical aid to keep frontline workers such as teachers, law enforcement, and health care workers on the job. Today, more than 3 million jobs have been created since the start of the 117th Congress.
